

Health & Safety Agreement

- **WATER – DO NOT DRINK FROM TAP (THIS IS BORE HOLE WATER!)** only use the water brought up in 25 litre containers for drinking, washing and cooking.
- **WASH HANDS** with hand wash unit, use antibacterial soap and kitchen roll and wash in between tasks including putting wood on the fire, after using the toilet, sneezing etc.
- **ANY** item not in a **STORAGE BOX MUST** be washed before use.
- **APRONS ON, LONG HAIR TIED BACK** back and **GOOD HYGIENE MAINTAINED** (aprons removed when you go to the toilet, collect wood, or outside activities)
- **RISKS:** scalding from wood oven, handles get hot (use oven gloves), and be careful of oven flue. Watch out for uneven floors and carpets. Use knives, graters, peelers etc carefully. Let designated first aider know straight away if you hurt yourself.
- Beware of **ALLERGENS** and therefore cross contamination: celery, gluten, eggs, lupin, milk, mustard, nuts, peanuts, sesame, soya, sulphites. **USE ANTI BAC SPRAY TO STERILISE** in between tasks.
- **FIRE PROCEDURE** – do not attempt to put out fire but sound the alarm and exit the building
- **TOOL USE** – only use tools you have been trained to use and you feel confident using
- **WORKING AT HEIGHTS** – make sure you have read the working at heights policy and speak to supervising staff before any work commences
- **MANUAL HANDLING** – only lift or carry what feels safe and manageable. Refer to the manual handling policy for clarity.
